Massive cooperative live painting

Live painting from Pimp My Wall gives your spectators the ability to express themselves through **massive cooperative paintings**.

Our system allows a virtually **unlimited number of participants** to draw simultaneously on a very large **virtual canvas** through their smartphones.

You can also invite **professional artists** that will bring their expert touch to your artwork!

Our distributed system allows projection on surfaces like **windows**, requiring only the addition of rear-projection film on the surface.

Massively multiplayer

Awe-inspiring visuals

Night-time installation
